These are some of The Concepts we will be exploring within The 7 Directions.

The 7 Directions of Heart Seed is one of 3 Medicine Wheels we nurture and explore in The Rainbow Mysterium (The Elemental Wheel inside The Womb Cross, The 4 Directions of The Land, 7 Directions of Heart Seed).

Nurturing, Growing, Understanding, Practising and Living The 7 Directions of Heart Seed is a fundamental Compass of Life.

When we know our 7 Direction, we are able to walk in Balance and Stability through Life.

It is a fundamental Key to Navigate any situation in life.
Because when we Whole Heartedly know where we are at all times, we can know ourselves better, which allows us to relate better.

The 7 Directions of Heart Seed is The Container for All Life, Here and Now.

This Medicine Wheel holds 3 Pathways.

1. Pathway of The I AM
2. Pathway of The WE ARE
3. Pathway of The Human Tree

And all 3 these Pathways Cross to Meet at The Centre The Universe, Our Heart Seed.

The 4 Directions South, North, West and East The Good Red Road X marks The Spot

Do you remember The 4 Directions of The Land that we have explored as The Crow Flies?
This deeply links into The 7 Directions of Heart Seed.
Keep The Crow with you as We explore even further here.

What happens when you fly South beyond your known Landmarks?
You will find Oceans and New Continents until you reach The South Pole.
The Place from which our Earth/ Solar System is moving.
Wisdom Keeper Speaks of This Place as The Place of The Original Innocence of Children.
Our Past Stories.

What happens if you fly North beyond your Landmarks?
Oceans and Land until you reach The North Pole.
The Place towards which our Earth/Solar System is moving.
Wisdom Keeper Speaks of This Place as The Place of The Wisdom of The Elders
Our Future Calling.

What Happens if you fly East beyond your Landmarks?
You Fly forever into The Place of The Rising Sun.
You will find That The East is not just The Asian Lands but actually, That East from Asia is America...
Our Earth is Round not Flat... think about that.
And eventually you will be at the place you started.
Wisdom Keeper Speaks of This Place as The Place of The Masculine Principle.
The Doing
The Right Hand Path

What Happens if you fly West beyond your Landmarks?
You will Fly forever fly into The Place of The Setting Sun until you finally reach the place you started.
Wisdom Keeper Speaks of This Place as The Feminine Principle
The Being
The Left Hand Path

Hold this simple image in mind for a bit:

WEST TO EAST
The Pathway of The I AM

Our Daily Walk from Sunrise to Sunset to Sunrise.
Our Embodiment Walk.
The Walk of Chop Wood, Carry Water.

The Earth revolves around Her own axis from West to East, bringing forth The New Day from The Rising Sun in The East.
Close your eyes and take a Moment to Vision this.....

From our Daily Living Lives we rise with The Sun and Serve our Offerings and Medicine until The West swallows up the Sun to Birth The Night Sky.

And yet, it is here under the Blanket of The Night Sky that we rest to Envision our Tomorrow,
It is here where we Dream our Dreams.
It is here we we enter a small Womb Space before the Little Rebirth that follows.
It is here we sleep early to rise early.

The concept of everything beginning with Darkness is old.
The Celtic People of Europe started there day with The Setting Sun and their New Year with The Depths of Winter. We Begin our Life on Earth in The Darkness of Our Mothers Womb.
So Walking from The Place of The Setting Sun to The Place of Rising Sun hold much Medicine for us in our daily lives of Enlightenment.

SOUTH TO NORTH The Pathway of The WE ARE

For this concept that we are about to explore to land, please watch the following 3min video. This Video explains how we as a Solar System does not just circle in The around the Sun in the same place over and over again... We are actually Spiralling through Space.

https://www.youtube.com/watch?v=0jHsq36_NTU

Have you watched the video?
Yip, Our Solar System is not just a flat and 2D.

We (The Solar System) is moving through Space.
We are Moving from South to North.

The South Pole of Our Planet always indicating where we come from.
The North Pole of Our Planet always indicating where we are moving towards.

South then starts to represent, as it always have, The Place of Past, The Place We come from, The Place we have Been, The Place of Ancestors, The Place of History and Old Stories, The Place of Patterning.

North then starts to represent, as it always have, The Place of Great Mystery, The Place of Future Calling, The Place of Vision, The Place of Unfolding, The Place of Healing.

And we are Walking this Path Collectively.
We can go into The Personal Story of Course...
But Eventually we find that all Stories are One.
This path Calls us to Unite.

And Currently our North Star is The Bear.

"Thuban was the North Star 4,800 years ago at the time of the 'Old Kingdom' in Egypt—a period when most of the pyramids were in use," Teske said. "The exact pole has crept from Thuban to its present position near Polaris and now is headed toward **gamma Cephei, which will be the North Star in about 2,000 years." - <http://ns.umich.edu>**

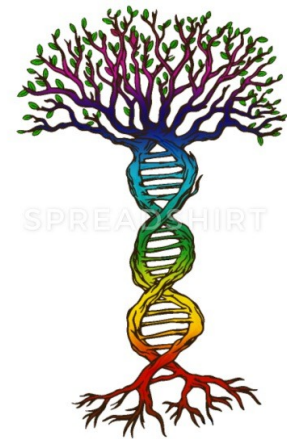

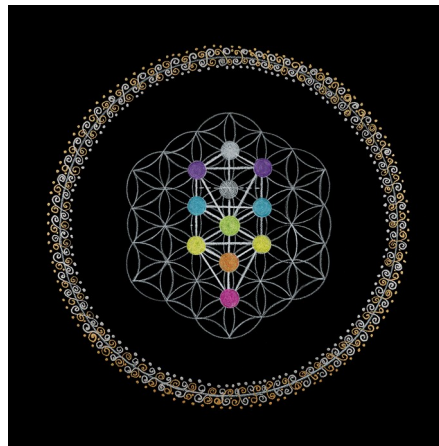

The 2 Directions of Above and Below

As We Stand on The Earth we feel into Above and Below.
Above is not North, Below is not South.
Above is Above and Below is Below.

Here we explore the 3rd Pathway.

The Pathway of The Human Tree The Rainbow Bridge of Heaven and Earth

Here we grow our Roots Deep into The Earth connecting into our Earth Seed.
Here we grow tall Shoots into The Star Realms connecting into Star Seeds.
There is a lot of depth on this pathway.
Very Yin and Yang, Masculine and Feminine, Harmonizing Dualities.

The Direction of Within Heart Seed

The Centre of The Universe.

Big concept, super philosophical.

But ultimately all is one.

And it is from this centre seed place that we can access anything and everything.

It is The Place where All Come Together.

It is The Seat of Love.

The Blossoming Heart

The Compassionate Seed

The Passionate Fruit.

The Heart of The Tree of Life.

All Pathways Cross Here.

The Dance of Life.

The Rhythm of Life.

The Resting Place for One and All.

The Seeding Point for All Potential.
